Home Care Products & Routine

Taking care of your skin should be a significant part of your self-care routine especially following the investment you are making to have treatment with us.

As we all strive for healthier and more radiant skin, we recommend that you follow an at-home skincare routine to maximise the outcome of your treatment journey.

A home skin care routine can make all the difference to your results

In clinic we offer the CLINICCARE range of home products to complement what we use in clinic and if you currently have no skin care routine even making one step can begin to make a difference.

CLINICCARE have created a home daily beauty plan recommended for post treatment, to optimise and maintain skin health. There are three ranges targeted to specific skin concerns:

GLOW - For hyperpigmentation, age spots, sun damage and dull tired skin

PURE - For sensitive, irritated or inflamed skin (e.g. acne-like conditions)

REFRESH - For fine lines, wrinkles, firmness and moisture
